My Website: https://raglandpc.github.io/My_website/

Life-long seeker of knowledge and Economics graduate who currently has his sights set on a full-time web development. Experienced in HTML5, CSS3, JavaScript, jQuery, Node, MySQL, MongoDB, Bookshelf.js, JSON, Exspress.js, Materialize, Bootstrap, Firebase, MongoDB, GitHub, Visual Studio, SEO, Windows OS, Project Management, Sales and Marketing.

EDUCATION

The University of Kansas Edwards Campus, Overland Park, KS   January 2018 - June 2018
Coding Boot Camp – MERN Full Stack Web Development
An intensive 24-week long boot camp dedicated to designing and building web applications.

The University of Kansas, Lawrence, KS   August 2011 – May 2015
B.G.S in Economics with a Minor in Communications
- Relevant course work: Econometrics, Analysis of Financial Markets, Economics in International Finance, Game Theory, Public Finance, and Analysis of Resource Policy.

APPLICATIONS BUILT

Train Scheduler
- Train schedule application that incorporates Firebase to host arrival and departure data. Provides up-to-date information about various trains, namely their arrival times and how many minutes remain until they arrive.
- Other technologies used HTML5, CSS, Bootstrap, JavaScript, Moment.js and jQuery

Tropical Trivia
- Trivia game covering topics Oceans, Caribbean Islands and Drinks. Technologies used HTML5, CSS, Bootstrap, JavaScript, jQuery.

Where's the show
- You can search upcoming shows by location and date. Upon clicking an artist name, the html will show a link to buy tickets to the event, the date of the show, the venue, and a thumbnail that's linked to a YouTube video from each artist, so you can get acquainted with that artist's music. This is my first team project, I was the project manager, worked on the UI and came up with the concept.
- For this project, we used the Ticketmaster API, Google Maps API, and YouTube API. We also utilized Materialize for CSS and minor JavaScript visuals.

RELEVANT EXPERIENCE

Window Genie   3/2017- Present
Manager
- Advised customers on the maintenance of their windows, gutters and the outside of their home.
- Interacted daily with office manager & staff to coordinate appointments.
